About the Staff

Rachel Leigh Roccoberon has continuously worked in non-profit arts as an administrator, teacher, director, and choreographer. She currently works as Creative Programs Manager at the Dance Complex. She annually works at the National Puppetry Conference at the Eugene O'Neill Theatre Center as a Production Manager. Her other full-time job is as Mommy to her fabulous 5 year old executive assistant.

Anastasia Maryn Elliott is thrilled to be returning to Somerville Arts Council as our musical director this summer. With over 20 years of piano experience, she has music directed for Madhatter's Theatre Company, in CT, performed as keys 2 at the Ivoryton Playhouse pit band for *Hairspray*, and music directed at least six productions during her four years at Connecticut College. She moved to MA last June. Currently, she performs in pits, music directs in community theaters in the area, is choral director at Waldorf High School of MA Bay, and music director for the musical production at Belmont High School.

Three additional staff will include an educational extensions, a scenic designer, and a costume coordinator. In addition, volunteer high school counselors will assist in producing our musical.

About the Program

Your child will shine on stage at the Armory in this exciting production of Disney's *Aladdin Jr.* This 60-minute production, based on the award winning film, will bring your performer on an adventure with friends, magic carpets and of course, a Genie. Our imaginations can run wild as we create this magical experience.

The story you know and love has been given the royal treatment! Aladdin and his three friends, Babkak, Omar, and Kassim, are down on their luck until Aladdin discovers a magic lamp and the Genie who has the power to grant three wishes. Wanting to earn the respect of the princess, Jasmine, Aladdin embarks on an adventure that will test his will and his moral character. With expanded characters, new songs, and more thrills, this new adaptation of the beloved story will open up "a whole new world" for your young performers!

Daily Life at Camp

Upon arrival, students will have a chance to greet each other and staff in a casual way. Program will begin at 9:00 a.m. with a Daily Meeting to discuss the needs for the day. Students will then work on learning the music for the show with vocal warm ups, games, and study. We will break about halfway through the morning for a few minutes then focus in on the acting, blocking and choreography. All students will be on-stage during the production (even if they are not cast in a lead role.) Every member of our cast and team is important.

We pause for lunch and some brain break games in the middle of the day. After lunch, students will break out into age groups and rotate through sessions in set design, costuming, and learning extensions with a MA state certified instructor. We will also use this time to hold more focused rehearsals with smaller groups.

At the end of three weeks, we will stage two public, one-hour performances of *Aladdin Jr.* that every student will have a role in and have had a hand in creating.
